## RED CROSS MEETING TOMORROW

The committee in charge of the Red Cross drive, requests all citizens to be present at a meeting in the Red Cross sewing rooms Friday evening, December 21, at 8 o'clock. Business of importance is to be transacted.

To date a total of 800 members has been added to the rolls by the

splendid work of the local campaigners. Nye's quota is 1500 and must be achieved by Monday night, when the Christmas drive closes. Leaders said today that they were confident the full quota would be secured, although it will mean strenuous efforts between now and Monday.

## TUBE MILL FOR WHITE CAPS TO BE FINISHED IN THE NEXT THREE WEEKS

Since demonstrating that the treatment of the White Caps are as slimes, rather than as sands and slimes, is the more successful method, the company has started to install a tube mill, and when completed and put in operation the product of the mine will be treated under the all-slime process. In the meantime, the former treatment is being continued until the changes are finally completed.

At the present time, the slime product continues about 30 per cent of the total tonnage put through the mill. A uniform extraction of 87 per cent from the slimes has been proven since the classifier, recently installed, has been operating.

John G. Kirchen, general manager of the White Caps company, who intends to depart for the coast tomorrow, to be gone over the Christmas holidays, made the following announcement today:

## SANITATION REPORTS GENERALLY FAVORABLE

As can easily be appreciated, the matter of strict observance of the sanitary law in every community is one of vital importance, in order to safeguard the health and comfort of all concerned. The grand jury of Nye county, elected on November 28, has given, and is giving, this important matter the attention it deserves. Committees have been appointed covering the different sections of Tonopah, and to date a great many inspections have been made of the various premises owned and rented by its residents, with the view to ascertaining just what has been accomplished relative to a compliance with the sanitary law.

The majority of the reports received are very favorable, showing that our townspeople are anxious to do all they possibly can to assist the authorities in this particular branch of civic government. Co-operation is essentially necessary on the part of the citizens to insure the adoption of thorough sanitation, and this is what the grand jury is vigorously striving for. Several places around town have been condemned, and the parties at fault warned that they must obey the law. If, however, they should fail to comply with the warning given, necessary legal action will be taken to compel them to do so.

## BIG MELT IN PROGRESS.

Fourteen hundred pounds of concentrates arrived last evening from the White Caps mill at Manhattan. The melt is now in progress at the Tonopah Extension refinery. It is expected that this run will yield the largest brick that has ever been produced from the White Caps.

## SWIMMING POOL TONIGHT.

The swimming pool will be open tonight at 7:30 o'clock. The water is just the right temperature and a number of improvements have been made. The pool will also be open Sunday.

## BIG TAX RETURNS.

(By Associated Press.)  
SAN FRANCISCO, Cal., Dec. 20.—Collector of Revenue Wardell announced today the revenue war tax on theater tickets in the district embracing Northern California and Nevada amounted to \$90,748.60.

## A CONSCIENCE WORKING.

SACRAMENTO, Cal., Dec. 20.—The state has received its third "conscience contribution" within a year from the stockton asylum, apparently from the same source as others. The letter is in a feminine handwriting.

"At the present time the White Caps has sand and slime treatment. About 30 per cent of the product is slimes. The extraction on this product has been uniformly satisfactory, and since it has regularly been so much higher than that from the sands, the company now feels justified in putting in a tube mill to make it an all-slime plant. This is being done now, and will be completed in about three weeks. In the meantime, operations will continue as heretofore on both the sands and the slime, until the alterations are completed, when the treatment of sands will be discontinued. Clean-ups, which commenced on December 1, will be made regularly twice a month from now on. The last shipment of precipitates came in to Tonopah last night, and probably by tomorrow the results will be known."

## ROAD WORK FOR BOXERS WHO WILL FIGHT XMAS

Both Kid Carter and George Pappas were out on the road early this morning completing their daily grind of getting in condition for the big 10-round boxing contest which they will be the principals in the afternoon of December 25 at the Airdome in this city.

Both fighters worked out at the Volunteer gymnasium yesterday afternoon and again today, and both are in great shape as far as their wind and general stamina are concerned and with a few days' more of boxing to quicken their perception and judge of distance in hitting, they will both enter the ring in the best of shape and should give the crowd one of the keenest afternoon's sport seen in Tonopah since the early days of the game, when the great Mike Schreck and Marmal Hart, two of the classiest heavyweights in the country, boxed in the old Athletic club building, near Campbell & Kelly's foundry.

Carter's hand, which was giving him considerable uneasiness in the early stages of his training, is fast mending and he states he feels sure he will be in good condition by the 25th, and after taking the measure of the big Greek wants to secure a return match with Willie Meehan, winner take-all, in order to wipe out the string of defeats which he suffered in Goldfield when they met before the Goldfield Athletic club about six months ago.

With the principals in the wrestling and boxing matches entering the late stages of their training and practically the entire reserved seat section all sold, nothing now remains except to wait for next Tuesday and with favorable weather one of the greatest gatherings ever seen in the Airdome, representing all professions from Southern Nevada, will be seen.

Pappas works out daily at 2 p. m. and Carter at 3:30 p. m. at the gymnasium, and everybody is cordially invited to witness the preliminary workouts and get a line on the fighters.

## ELKS PREPARE FOR YAMA YAMA AFFAIR

The Elks are making elaborate preparations for the big Yama Yama dance to be given in the Elks' home New Year's eve. Everything necessary to properly bid good-bye to 1917 and welcome 1918 will be done. The very newest kinds of noise-making instruments from the East are being imported. There will be confetti and serpentine, of course, and the best music obtainable.

## AMUSEMENTS

DOROTHY DALTON AT THE BUTLER.

Dorothy Dalton, last seen in "The Flame of the Yukon," will appear at the Butler today in "The Ten of Diamonds." Again she is the dance hall girl, joyous, reckless, yet with a sense of moral equity. One night, while she is telling her fortune over the cards in a dim corner of a basement cafe, a man of the upper world enters. He makes her a peculiar proposition, during the course of the evening. As a result she is transported from the fetid, reeking atmosphere of the "joint" to a luxurious home on Fifth avenue, where she is carefully fashioned into a "lady." She misunderstands the man's purpose, believing he is in love with her. When he arranges her marriage with another, she rebels, and, using the animal way to frustrate his scheme, she reels before the wedding guests with a well-feigned semblance of intoxication. Thus the false reputation which she has enjoyed is blown aside, and she is against the common woman. But to the man who has watched her regeneration, there appears the finer traits that, without veneer or culture, are yet the attributes of the true lady, and he suddenly realizes his folly in trying to make her a weapon of revenge against the man he hates. The play is a high-colored and dramatic creation, with Miss Dalton at her best. The story is designed to show how a woman's life is moulded by a man or men, each having his part in shaping or directing the resulting personality. In addition to the feature, a Triangle comedy, "A Fallen Star," will be shown.

Tomorrow, George Walsh, in "This is the Life," and "The Fighting Trail."  
Christmas, Mary Pickford, in "The Little American."
